

Namaste !

I am sure that many of you are eagerly waiting for the update. Unfortunately we are behind by one week as all of us are busy in office and family life. Anytime, the volunteers spend on Mandir cause should be highly appreciated as out of 500 families only 5% are coming forward!

The major developments in the past two weeks have been captured in the attached minutes.

Highlights:

1. We had our first General body meeting on January 31st at Fr.Mercredi School; A new Executive Council was nominated to steer us through the right direction for the next one year....I had no choice, but the people wanted me to take up the responsibility; My apologies...I will be boring you with these updates for some more time, unless you say 'STOP'.
2. The Constitution and Bylaws were approved and ready for registration. (Any amendments could be made by the General Body at any time).
3. The Land committee is proceeding with vigour - they have been mandated to come up with two choices by March 31st
4. The Fund raising team formed various sub-groups for door to door campaign; but I am yet to get a feedback on the actual results |.however the pledge total exceeded \$200K Milestone
5. Please attend Mandir Committee's first mass program, next Sunday @ 11-13 hrs at Mercredi School- all are welcome !

As I always said, your comments and feedback are quite valuable.

Please let us know, are we on the right track or need more alignment towards the goal ?

With the blessing from Mahamaaya....

Vish Warriar
